Jonathan Peña

FULL STACK DEVELOPER | EXPERIENCED IN REACT ❀

I am a Full Stack Developer with 5+ years of experience in web development. I specialize in CSS (Sass, Tailwind, Bootstrap, Etc), JavaScript (Vanilla, TypeScript), React, and Next.js. I'm skilled in state management (Redux, Zustand), Git, testing (Unit, Integration, E2E), and backend tech like Node.js, Golang, and databases (MongoDB, MySQL). I also have experience with WebAssembly (WASM), software architecture (Clean Architecture, MVC), Docker, and agile methodologies (Scrum, Kanban).

EXPERIENCES

HOLO XR

FRONTEND DEVELOPER, 2023 - Currently

I developed a Gantt chart from scratch using React for efficient project management. Additionally, I created a scheduler integrated with Autodesk Platform Services, utilizing 3D models to monitor project progress in real time, enhancing visualization and management.

SEVEN SUITE

FRONTEND DEVELOPER, 2023 - 2023

In my experience at this company, I worked as a frontend developer using Next.js. The main project involved rebuilding an existing application, originally developed with .NET technology, now transitioning to web technology. For the frontend, we implemented Next.js, while the backend utilized .NET 6, Entity Framework, and SQL Server. Additionally, the entire application was deployed on the Azure platform

NORKUT

FULL STACK DEVELOPER, 2022 - 2022

At this company, I developed applications using .NET technologies such as WPF, Windows Forms, and the CMS nopCommerce. My work focused on improving an existing CRM within a supermarket management software, covering everything from point of sale systems to inventory control. I also customized and optimized the nopCommerce CMS for creating e-commerce platforms.

NANOTECKS

FRONTEND DEVELOPER, 2020 - 2021

In this project, I had the opportunity to create landing pages for a client looking to promote apartments in Santo Domingo de los Tsáchilas, Ecuador. I focused on designing these pages to capture the attention and interest of potential buyers, with a strong emphasis on SEO.

EDUCATION

U.E.N.B 'DR. LUIS ORTEGA'

SECUNDARIA, 2011 - 2016

UNIVERSIDAD DE ORIENTE (UDO)

LICENCIATURA EN INFORMÁTICA, 2017 - No Finish
